Rotation vs barn habit

Over 5 seasons rotation mean cria F is 0.09%. Barn habit (hottest legal sire) is 1.35% ? 16×higher. Habit concentrates

Habit = hottest legal sire still under capacity. That is Matrix / Alydar / Smokin Waves.

YEAR	ROT F	HABIT F	ROT FOUNDERS	HABIT FOUNDERS
1	0.02%	1.35%	0	2
2	0.18%	1.35%	1	2
3	0.03%	1.35%	0	2
4	0.18%	1.35%	1	2
5	0.03%	1.35%	0	2

Founders the rotation keeps and habit drops

None at the 3.1% threshold ? habit still concentrates the top blood.
